## 'Take Her Over My Dead Body,' Is His Defi.

"It took me a long time to locate my little girl, but I have found her at last, and the one that gets her away from me now will have to walk over my dead body."

These are the words of Frederick Case, a mining engineer, who about five o'clock last evening escaped from a horde of women and children and succeeded in kidnapping his pretty little daughter Florence from the home in which Mrs. Case, his alleged faithful wife, had placed her.

### SEARCHES FOR CHILD.

Case returned from the Nevada gold-fields about two weeks ago and, assisted by Special Policeman D. G. Murdoch, who patrols a beat in the local Chinatown, has been trying to locate his daughter, and only four days ago learned that she was living in a house near San Pablo avenue and Sixty-fifth street with a woman friend of Mrs. Case, in whose care the latter had placed the girl, anticipating that the father would try to obtain possession of it.

### FATHER LIES IN WAIT

Those four days Case remained in hiding in the vicinity of the house, lying back of the fence concealed in the shrubbery, or concealed in a deserted shed, and not until yesterday afternoon, when he saw his little girl walk out of the house with a playmate, was his vigil rewarded. As soon as they were close enough he dashed from his hiding place, grabbed his little one in his arms and ran down the street. The abduction was witnessed by the woman in whose keeping the child had been, and she immediately started to scream "Stop, thief!" Then pressing a friend with a horse and buggy into service she started in pursuit of

in Order to Knock Out  
Taylor.

SAN FRANCISCO, Aug. 22.—The Henry-Burns-Spreckels-Spring Valley-Pheasant brigade appear to have wearied of the legal end of the controversy and are now devoting the greater part of their attention to politics. The Glass trial is dragging its slow length along. Little interest is manifested in it even by the special prosecutors and it is the opinion of those that have followed both trials that the District Attorney's office is not making out as good a case in this second effort as it did in the first.

## CHIEF CONFERS WITH HIS LAWYER AND THEN QUILTS

(Special to THE TRIBUNE.)  
SAN FRANCISCO, Aug. 22.—After a stormy meeting this morning between the members of the old board of Police Commissioners and Chief of Police Dinan, the latter decided to hand in his resignation, and the members of the board decided that they would offer no further opposition to the seating of their successors.

The meeting almost came to a rupture owing to the fact that Commissioner Finn wanted Dinan to send his resignation to the old board, whereas he declared his intention of putting it up to the new board this afternoon.

The text of the resignation reads as follows:

"I hereby tender my resignation as Chief of Police of the police force of the City and County of San Francisco, the same to take effect immediately."

(Signed) "JEREMIAH DINAN."

All the captains of police are in attendance this afternoon at the meeting of the new board scheduled for 1:30 o'clock. At 2 o'clock the board had not yet gone into session. It is understood that Dinan will resume his old position on the force as detective sergeant and that Captain Anderson of the Mission police station will succeed him as chief of police.

## CORONER'S JURY SAYS IT WAS MANSLAUGHTER

## Olive Scully Was Silent at Inquest

"We, the jury, find that James F. Glover came to his death from meningitis, due to absorption of pus from burns and broken down tissue over the left eye and face, produced by sulphuric acid thrown upon him with criminal intent by one Olive Scully, sometimes known as Jean Collier, and we charge the said Olive Scully with the crime of manslaughter."

Signed  
George S. Drum, foreman; W. C. Brooks, Jack Stewart, Ed Fitzpatrick, E. M. Myers, W. Brown, H. K. Smith, Harry Carleton."

The above verdict was returned this afternoon by the Coroner's Jury at the Glover inquest.

The Coroner's inquest into the death of Deputy County Clerk James C. Glover was held at the city morgue at 1 o'clock this afternoon.

Joseph M. Kelly, 972 Jackson street, was the first witness called. Kelly testified that he knew Glover and had seen him in the hospital. Glover told him that some acid was thrown in his face by "Jean." He did not explain the circumstances. Glover had no life insurance when he died.

Dr. O. D. Hamlin, who attended Glover during his illness, was next called to the stand.

"I was called to see Glover on the morning of Monday, August 13, at Providence Hospital," said Dr. Hamlin. "His face was very badly burnt, and his left

eye was nearly destroyed. The right eye was also injured. The burns were caused by acid. His nervous condition grew alarming as the days went by and meningitis developed.

### BECAME DELIRIOUS.

"Glover told me that acid had been thrown in his face, but I restrained him from talking too much. He did not give me any particulars on the acid throwing. Glover was conscious until the last two or three days when he became delirious. At times, throughout his illness, he had paroxysms of pain which caused him to become temporarily insane."

### WILL MEET TODAY.

The new commissioners will hold a meeting this afternoon at 1:30 o'clock and no opposition is expected to their taking their places in the board room.

The sounds that issued from the room this morning tend to indicate that a somewhat lively debate was going on. (Continued on Page 2.)

### WOMAN IS SILENT.

Olive Scully was the next witness she gave her address as 1007 Harrison street. Said that she kept a rooming-house at that address. On advice of her attorney she refused to make any statement before the jury and was excused.

Walter J. McCaffrey, 1007 Harrison street, was called to the stand. He testified that he saw Glover on the morning of Monday, August 13, at Providence Hospital. He said that he saw Glover on the morning of Monday, August 13, at Providence Hospital. He said that he saw Glover on the morning of Monday, August 13, at Providence Hospital.

## GRAFT CASES ARE UP BEFORE SUPREME COURT

SAN FRANCISCO, Aug. 22.—It was an imposing array of attorneys that faced the judges of the Supreme Court this morning to argue the question of a stay of proceedings in the various graft cases. Patrick Calhoun was the only one of the principals present, and the majority of the legal counsel represented him and the United Railroad defendants, Mullaly, Ford and Abbott.

The attorneys representing the defense were Earl Rogers, D. M. Delmas, Schlesinger, Humphreys, McKee, Fairall, McEnaney, Nichols, Barrett, Moran and Moore.

The prosecution was represented by District Attorney Langford, Hiram Johnson, W. C. Cobb, Ed Cook and Rudolph Spreckels.

The proceedings were opened by Attorney Cook, who made a statement of the grounds. His first called attention to the fact that in the case of Glass and Mullaly a stipulation had been agreed upon as to certain matters relating to the grand jury, which left open only the question of whether the substance of the

## MAIL SACK AND \$45,000 GONE

## Daring Plot Unearthed in Alaska

PORTLAND, Ore., Aug. 22.—What is believed to be the biggest plot for robbing the United States mails ever discovered is now in operation in Alaska. Only yesterday word was received from the coast that the third pouch missing in a month had been reported at Skagway. The sack contained \$45,000 in gold dust and was addressed to Seattle banks.

Postoffice inspectors already in the north working on the two former robberies have taken up this latest loss. It is almost certain the sacks were

stolen in transit on Yukon river boats. Several men are under suspicion, but no arrests have been made.

### GUARDS NECESSARY.

Ever since gold dust shippers decided to use the mails in sending out metal instead of patronizing express companies previously, because of increased tariff, trouble has existed. It necessitates employment of guards by the government to watch gold shipments. As they have been practically unguarded up to this date the robberies have been easy, and it is believed the thefts have resulted from systematic operations of bandits working with well-laid plans.

## NIGHT RIDE TRAGEDY HAS DEVELOPED INTO SUICIDE

(SPECIAL TO THE TRIBUNE.)  
SAN FRANCISCO, Aug. 22.—A new development has occurred in the case of Frances Earl, the young woman who died in an automobile while on a wild escapade last Saturday morning.

City Chemist Bothe in a report submitted to the coroner this morning declares that Miss Earl died from carbolic acid poisoning, and not from a weak heart, as was at first supposed. The city chemist has been carefully examin-

ing the contents of the young woman's stomach, and he has found unmistakable evidences of the deadly poison.

Immediately after the report was received today Captain of Detectives Colby was notified and a detective was detailed on the case.

## POET TELLS OF VISIT TO NORTH

## Talks About Graft, Teetotaling, and Other Things.

Joaquin Miller, the poet of the Sierras, talked with a TRIBUNE reporter today and told him about his recent visit to Oregon, his determination to be a United States Senator from that State, his views on San Francisco graft, teetotalism and a number of other things, with the freedom and breeziness which have long characterized him.

He declares he will yet represent Oregon in the United States Senate, that a teetotaler needs a nurse, that he will give his home on Oakland Heights to the orphans and that the graft prosecution in San Francisco, it would require a Columbus to find a guileless man.

### SENATOR FROM OREGON.

"Are you a candidate for United States Senator from Oregon?" asked THE TRIBUNE man.

"As regards the senatorship of Oregon," said Mr. Miller, "I want to say the present governor of Oregon, George Chamberlain, is as rank a Democrat as I ever have been. He has been elected twice to the position which he now holds. He is a very strong man. The Democrats want a strong man. I shall not go into the field if he remains in it. On the contrary, I shall help him all I can."

### STILL A BOY.

"But, my son, I'm going to the Senate, if not this year, some other time. I'm only a boy. I'm going to wait. I dare to wait. I'm growing up."

"How did I become a candidate? They gave me a 'day' at the exposition in Portland and then they invited me to come back to stand for Senator. I went back and looked over the ground, but I'm growing up. A man must simply be an inhabitant of the State. I pay taxes in Oregon every year and my home is in Oregon. I have not voted here for a number of years. I'm registered in Oregon, in Lane county. In the last term they have been buying property in that county, where my father has buried ever since 1852."

### A PIONEER.

"I am a pioneer of Oregon. I delivered the Fourth of July oration where I used to be magistrate many years ago. I used to be judge from the summit of the Cascades to the Rocky Mountains. There were lots of people there even then, but they were mostly Indians. But the Indians wouldn't come into court. They were afraid that we would kill them. Every year we had to go out and bring them in, until 1879, when General O. O. Howard was sent out there and then they went on the reservation. General Howard was a great man."

"The Indians were made up of mixed tribes, but the government allowed them to go with whatever tribe

pled that place he might not take up the slimy trail of some of the proceedings of the alleged civic purifiers, and this would be at least embarrassing to some of them. The Supervisors are wanted to aid and abet the scheme to sell Spring Valley to the city at an extraordinary profit, and also to annoy and harass other quasi-public corporations into "coming to terms" with the missionaries of civic virtue. A \$20,000,000 street railway corporation, organized by Spreckels, Phelan and others, is still without a block of track in San Francisco. This is a great and pressing reform that needs early attention. A franchise to run this road over all the unoccupied streets of the city would be worth several millions of dollars and is a civic virtue that should not be overlooked.

The combination of prosecutors and promoters do not appear to be satisfied with Dr. Taylor, whom they chose for the office of Mayor. They are preparing to make a bitter fight against his nomination for that office by the Republican convention. They want Ryan named by that body and have also demanded that Langdon be placed on the ticket opposite the designation, "District Attorney."

**POLICE BOARD.**

The Board of Police Commissioners just appointed by Mayor Taylor is peculiarly unsatisfactory to the Spreckels-Spring Valley prosecution, notwithstanding Taylor is very friendly to the water monopoly. The prosecution had promised that they would appoint former Police Commissioner Tom Reagan to his old berth in the Police Department again. They had also agreed to make Tim Sullivan, for many years the chief lieutenant of Henry Lynch, the street railroad superintendent, a Police Commissioner. Reagan was the principal witness, other than Ruef, against Mayor Schmitts and he was to be rewarded, not with the scrip of immunity, but with an office. Tim Sullivan corroborated Reagan at this same time and was therefore, entitled, according to the views of the special prosecutors, to a good place at the public pie counter.

**TAYLOR HAS POWER.**

The best lawyers of the city are of the opinion that Taylor is firmly seated in the municipal saddle and that his power to reorganize or reappoint the various commissions cannot be successfully disputed. It is expected by his supporters that Taylor will have done enough in the way of rehabilitating the city government before the conventions shall have met to entitle him to the nominations of at least two of those nominating bodies—the Democratic and Republican. The favor of the Union Labor political machine is not expected for Taylor, but the Ryanites are now engaged in negotiations with Egan, McCarthy, Trevino and others of that body with a view to a coalition on a ticket with Ryan at its head.

The Democrats and the leaders of the Union Labor machine are also making overtures on the lines of a joint ticket. Among the latest suggestions for Mayor on the Democratic side, is Supervisor Comte, the lawyer. James G. Maguire and Hiram Johnson are among the Democratic possibilities for District Attorney.

# WILL GO AFTER MEN HIGHER UP

## Big Land Thieves Behind Perrin and Benson Are Promised Prosecution.

SAN FRANCISCO, Aug. 22.—Most astounding land fraud exposures are being made as the result of the inquiries of the United States Grand Jury, which is to convene next Tuesday.

Charles P. Snell, former land cruiser, now special agent of the Department of Justice, whose testimony was the mainstay of the government in securing the conviction of Edmond Edwards, Jr., Perrin and the notorious John A. Benson, promises to go before the inquisitorial body and lay bare secrets which will bring the indictments of many of the big places. He declares he knows and will place the names of those who have supplied Benson with money to further his schemes for illegal grabbing of the public domain.

De Haven was called by Judge Taylor earlier than usual, it is said, because Attorney-General Bonaparte United States District Attorney DeVine ask immediate empanelment to consider these land frauds. The operations of several large land owners and mill-aires of this state have been under investigation and the revelations, it is said, will be startling.

This 12,000 acres of land which Perrin and Benson conspired to get from the government is but a drop in the bucket compared to the effort of other capitalists to defraud the government of the public lands, said Charles P. Snell.

"Benson is broke and I will tell the jury the name of the man and men from whom he got his money to carry out his big schemes. He has not got a dollar of his own."

"Benson is a plunger. He is land poor. He has lots of property, but his revenue is very small at the present time. One of the things he has done is to take as far as money goes. It needs lots of coin to carry out the schemes and his income is small."

Attorney Devine stated yesterday that he would not prosecute Benson and Perrin until the immediate future on the other indictment found at the same time as the one upon which they were convicted.

Instead of sending Donahue to San Quentin, as the usual practice is, Judge Cook placed him on his honor to return to the school unaccompanied by an officer, steps to be taken later for his apprehension and transfer to the penitentiary should he fail to keep the bond.

## TROUBLES FOLLOW BREAKDOWN.

A street fight, a railroad inspector's broken jaw, a lumber teamster's bruised face, the arrest of the latter and three carmen and the subsequent wrecking by the car in which the quartette were being taken to office headquarters of the department buggy and the spilling of its two occupants in the street were the extraordinary series of incidents which followed the breakdown of a lumber wagon on Mission street last evening.

# REVENGE ON WOMAN WHO WOULD NOT PROVE FALSE

## Declined to Give Prepared Evidence and Now She Is Forced Out of Her Position.

SAN FRANCISCO, Aug. 22.—If there is anything too mean and small for certain reformers and detectives to do it has thus far evaded microscopic search. The treatment given Miss Mary Ryan, formerly in the employ of the Pacific States Telephone Company, her work with that corporation being to act as stenographer and typewriter for Theodore V. Halsey, the now indicted "outside man" of that concern, is illustrative of the minuteness of the malignity of these self-styled reformers.

Miss Ryan was duly interviewed by Bill Burns, the detective, who has been out of the employ of the United States Treasury Department, on at least one occasion before he was hired by the graft prosecution to bend his energies to the civic reform of San Francisco. The young woman was next haled before the grand jury and there made to submit to an examination by Special Assistant District Attorney Heney. Her answers to the questions asked not being satisfactory to the prosecution, she was once more turned over to Bill Burns to again be put through the "sweating" process. This so-called detective, whose occupation is "preparing evidence" for the prosecution evidently thought he had his victim sufficiently intimidated, for again the young woman was taken before the grand jury.

## SECOND BADGERING.

After this second badgering by the special prosecutor and being glared at by the nineteen men taken from the body of the county to which they are about to be returned, Miss Ryan was turned loose by the inquisition and the prosecution as having been properly prepared to take the part of a witness for the prosecution.

## CALLED AS A WITNESS.

Miss Ryan was called to the witness chair in the first trial of Louis Glass. She told of certain supervisors coming to the offices of Halsey, she being in the outer room. She failed, however, to give any incriminating testimony as against Glass. This so enraged the prosecution that they determined to wreak vengeance upon the hapless woman. She was again called as a witness in the second trial of Glass. This gave the forces of criminal immunity and civic virtue an opportunity to display their malevolence in the treatment of a woman.

## CHANGED EMPLOYMENT.

Miss Ryan had changed her employment from the Pacific States Telephone Company to the offices of the Southern Pacific. She went to the prosecution and explained that her new employers were quite exact as to hours of work and that punctuality and strict attendance to duty were among the requirements of the service. She asked that they notify her as to the time she would have to take the witness stand so that she might lose as little time as possible from the office in which she earned her living.

Here was an opportunity for the reformers to give play to their malignity. This young woman must be disciplined.

## NOBLE REVENGE.

This is possibly a noble revenge from a graft prosecution view point, but there are those that doubt if even a Loneran or any of the other fifteen self-confessed felons of the Board of Supervisors have sunk to these depths.

## MORE INDICTMENTS.

But this seems to be on a level with other acts of the purifiers, except as to sex. For some time the prosecution announced that the Grand Jury had found "eight more indictments." It is said that only six had actually been found by the local inquisition, but two more were thrown in just to make good with the newspapers. The story runs that even the District Attorney's office advised that the evidence was insufficient to convict and the indictments ought not to be returned. But the word of the "big stick" was out that "eight indictments" had been found and it was deemed necessary by the prosecution that it make good with press and the public. So two innocent men were dragged into the mire of accusation and may yet be forced to trial, should the Supreme Court not interfere with this use of the machinery of the law for the venting of private spites on both innocent men and women.

## DELEGATES FOR EPISCOPALIANS

Diocese of California Chooses  
Representatives to Triennial  
Convention.

SAN FRANCISCO, Aug. 22.—The Diocese of California of the Episcopal church has chosen delegates to the Triennial Convention of the church, to be held at Richmond, Va., October 2.

The delegation from the diocese will be composed of Rev. Edward L. Parsons of St. Mark's church, Rev. N. B. W. Galloway of San Mateo, Rev. C. Sanford of St. John's church, and Archdeacon Emery. Bishop Nichols, who is a perpetual delegate by virtue of his office, will also serve as a delegate to Richmond. The lay delegates are: A. N. Drown, chancellor of the diocese; William H. Crocker, W. A. M. von Bokkellin and Charles D. Havens.

## IMPORTANT QUESTIONS.

Many questions of importance to the whole church will be legislated upon at the convention, among others the appointment of suffrage Bishops in large dioceses, prelates who will be appointed as assistants only, and have no right of succession, as in case of the death of a bishop, another question will be to urge the appointment of negro bishops for the colored congregations.

One of the features of the convention will be the matter of the men's thanksgiving offering, which, it is believed, will amount to upward of \$1,000,000.

Bishop Nichols, Archdeacon Emery and others of the clerical delegates will leave for the East during the first week of September, the lay delegates following at a later date.

SAN FRANCISCO, Aug. 22.—The Diocese of California of the Episcopal church has chosen delegates to the Triennial Convention of the church, to be held at Richmond, Va., October 2.

The delegation from the diocese will be composed of Rev. Edward L. Parsons of St. Mark's church, Rev. N. B. W. Galloway of San Mateo, Rev. C. Sanford of St. John's church, and Archdeacon Emery. Bishop Nichols, who is a perpetual delegate by virtue of his office, will also serve as a delegate to Richmond. The lay delegates are: A. N. Drown, chancellor of the diocese; William H. Crocker, W. A. M. von Bokkellin and Charles D. Havens.

## IMPORTANT QUESTIONS.

Many questions of importance to the whole church will be legislated upon at the convention, among others the appointment of suffrage Bishops in large dioceses, prelates who will be appointed as assistants only, and have no right of succession, as in case of the death of a bishop, another question will be to urge the appointment of negro bishops for the colored congregations.

One of the features of the convention will be the matter of the men's thanksgiving offering, which, it is believed, will amount to upward of \$1,000,000.

Bishop Nichols, Archdeacon Emery and others of the clerical delegates will leave for the East during the first week of September, the lay delegates following at a later date.

## AGED BODY IDENTIFIED.

The aged man who was killed by a Telegraph-avenue car at the corner of Third and Broadway on the night of August 14, has been identified today as Lem Williams, a Washington-street milliner, as his brother, Joseph H. Williams, a plumber, who lived at 2140 Ellis street, Berkeley.

During his delirium after the man was taken to Receiving Hospital he told the attendants that his name was George Wilson, and that he lived on Twenty-second street. Shortly afterwards he lapsed into unconsciousness and died without giving any further information of himself.

LEXINGTON, Ky., Aug. 22.—Secretary Garfield, who was telegraphed for by Secretary Taft, arrived from St. Louis late yesterday. No statement was obtainable of the matters discussed by the two officials.

## ASSERTS HIS WIFE HAS ANOTHER HUSBAND

SAN FRANCISCO, Aug. 22.—Claiming that his wife, Norah, whom he married on the high seas on October 16, 1899, had another husband living and undivorced at the time the ceremony was performed by Captain E. Alexander of the steamship Santa Rosa, M. D. Arms, a licensed officer of the merchant marine, has brought suit in the Superior Court for an annulment of his marriage to her. Arms states in his complaint that no license for the marriage was secured before the ceremony, and makes this one of the grounds of his complaint, although on the high seas, any American master mariner may perform the wedding ceremony without a license.

## TESTIFY IN BURKE'S CASE

## Witnesses for Defense on Stand Relate Details Regarding Killing.

The preliminary examination of John G. Burke for the murder of T. A. Dumas, switchman, was not finished yesterday, and late in the afternoon, at the request of Judge Frick, who was conducting the prosecution, Judge Samuels continued the hearing until Friday morning.

When all of the testimony for the prosecution had been offered, the attorneys for the defense moved that the charge against Burke be dismissed on the ground that no crime had been proven by the prosecution, and further, that the shooting, if done by Burke, was justifiable homicide. Judge Samuels said that the motion would be denied unless witnesses for the defense were put on the stand.

## TESTIMONY FOR DEFENSE.

J. Dunlevy, the night policeman on Burke's beat in the West Oakland yard, testified that he saw Burke shoot at Dumas, a checker at Adams wharf, and Andrew Carson, a sealer in the yards, were the witnesses called for the defense. Dunlevy testified that he had attempted to arrest a man in the yards during the night before the shooting on suspicion that he had robbed a carload of whisky. The man had several bottles of whisky with him. Before he could get him on the yards a crowd of employees stoned him and secured the release of the man. He told Burke of the occurrence of the morning and warned him to look out for himself. Burke, in the yard, was seen by Dunlevy and Carson. On the afternoon following the killing, Dumas, a switchman, was shot and killed. Virgil superintended the unloading of the car and he found that three cases had been broken open.

Attorneys Frank Kelly and Moses P. O'Brien of the criminal department of the Southern Pacific legal staff represented Burke.

STEINWAY AND  
OTHER PIANOS

VICTOR TALKING  
MACHINES

## A Steinway is Like the Clas- sical Masterpieces of Music.

—Other pianos resemble the merely melodic composition—a temporary diversion.

—A Steinway, like the classics of music, is constantly revealing some new delight, leading to some new thought, affording some new interpretation, holding up some new standard; inexhaustible in musical possibilities, irreproachable in effect. No composition reveals all the possibilities of the Steinway piano; no pianist can exhaust its possibilities. It is a mine of music.

—Every Steinway has this pre-eminent characteristic. There is no element of chance in buying a Steinway—every one is the result of 56 years of cumulative success in making the world's best piano. Every one is a masterpiece—no need of choice, save to please the fancy in casing.

—Steinway Miniature Grand, the smallest real grand, the supreme small grand, \$800. Steinway Vertegrand, superior to the grands of other makers, \$525. Sold for cash, or on time, or fair exchange.

HARBOR LEAGUERS ATTEND PERA AND HEAR EVERHART
 Councilman Describes Water Front as Mill Stone Hanging Around Municipal Neck Like Garrote.

There was a fair attendance last night at Mora Park Theater, when the Harbor League members had their first "evening," which was in the nature of a prelude to contemplated meetings of a similar nature during the coming winter. Besides entering the performance of "Robin Hood" by the opera company the audience listened to an address by Councilman Everhart, who was introduced by Dr. C. F. Gross. The latter said in part:
 "It is my province to address you on behalf of the Harbor League, to lend your aid and give your support to the movement for which the Harbor League stands. Our purpose of existence is to inform the people of this community of their rights, what is being done and what it is proposed to do concerning the harbor. We are not here for the good of the people and oppose with all our power that which is not for the welfare of the people. We have undertaken a gigantic work one, that needs careful watching, painstaking thought and energetic efforts. Educational in its character, our work lies for the most part in disseminating information. We need your aid, we need your support, you have given it to us in the past, we ask of you to keep on the same path, so that out of what is to be done in the future, but the greatest possible benefit for the harbor, Alameda county and the state at large.
 "No work can be successfully accomplished without funds. There are no dues in the Harbor League; all are welcome to join with us for the betterment of the harbor, but as it needs money to carry on our work, we have adopted the plan of raising money by popular entertainment, out of which you receive a double value, pleasure and recreation and at the same time contribute to the funds necessary to put forth our educational features. As at all his address the subject of the harbor by men capable to give you the subject in instructive and entertaining manner, Harbortown, which is a new age, printing and similar expenses. Not one cent goes to any one in way of salary or in any other form, the expense incurred in boosting harbor matter.
 This evening we have with us a gentleman engaged in the work of legislating for the city government, a man who knows the harbor, who knows the men in whom, you can say we trust. I take pleasure in introducing Mr. Everhart, city engineer of Oakland."
 EVERHART'S SPEECH.
 In his address Councilman Everhart said:
 "We are now in the midst of an agitation, the public mind is being educated more to these cities on the sea side of San Francisco Bay than the result believed through efforts for the betterment in the past.
 "We are now at the formative period of our city's history—and the impetus we may be able to give to its progress at this time by a strong and united effort will carry us on to prosperity and greatness.
 "The opportunity is here and we, the people of Oakland have but to win the Golden Gate of commerce and industry, the Golden Piece of commercial supremacy that lies upon the opposite shore.
 "There is a magnificent water front of ours which has been the chief element of our greatness, has through the stupidity or cupidity of our predecessors, hung around our municipal neck like a mill stone—retarding our growth and stunting our opportunities. It has been like a garrote, choking the

 They wanted to affiliate with. Many of them are good workers and many of them now work in the harvest fields.
 IN THE GRAVEYARD.
 "At the exposition, I met some of my old friends. Among them, I met my old county clerk, F. S. Sells. He is now a capitalist. He succeeded me as judge.
 "It was very pleasant to me, this meeting of old friends, some of whom, of course, I forgot and some, of course, I remembered. There is a school at every cross-roads and I want to say that on the Fourth of July I did not see one man drunk.
 "I spent several days in going through the graveyard at the place. There is nothing finer of the kind down here. There may be more wealthy displays here, but nothing that shows more the sentiment of sorrow and bereavement. There are lots of schools, lots of business, lots of health and lots of happiness. There are at least two newspapers in every town and in some places four.
 "When I went to the graveyard I found too many under the tombstones which I was compelled to read.
 "I went to Grande Ronde Valley, and there I found that they were building monuments all along the road which has become famous in the history of that country. I followed the road—the old emigrant road—the road that my parents traversed as far back as 1854. I was with my parents at the time and I still remember some of the places that we passed through even in that distant day. I want to say really that on my last trip I was a busy man doing nothing.
 MARBLE CAVES.
 "I returned to Portland again and in company with Jefferson Myers and Judge Watson of Ashland we went to the great marble caves of Oregon, near the California line. Some people say you can go in to them from the California side, but that I am not well informed.
 "The caves are quite rough, and in this respect they are unlike the Mammoth Cave in Kentucky. The sides of the caves are of marble and there are smooth, seven stories high like sky scrapers, and to go from one of these stories to the other you have to use a ladder.
 CORNED-BEEF MARBLE.
 "I am not learned in marble. I cannot tell you what the value of the marble is. Some of it is very black, some of it is white and some of it is streaked, and that is called 'corned-beef' marble. That is the vulgar term given to it. I do not know what its geological name is.
 "The United States government has reserved these caverns for the purpose of preventing vandals from destroying them. From the ceilings of all the caverns hang stalactites and these, even in the imperfect light of a lantern, glitter as if they were gemmed with diamonds. This is because of a liquid which trickles down their sides and in their comes hardened and the incrustation becomes a part of the pendant. The side appears to be rimmed with diamonds, but the moment you break them off they lose their luster; they are dead.
 "God has been growing these for thousands of years, and yet a vandal with hammer can undo the work in a second.
 "The United States government is building a road to these caves because they are now inaccessible, and especially to the people who have for the purpose of visiting them. Grant's Pass, and the caves are about fifty miles from that place.
 SOLOMON'S TEMPLE.
 "I want to say that one of these caverns which we explored in company with Judge Watson, who is a geologist, is one of the most magnificent things I ever saw in my life. The pendant glitter like

6 MONTHS FOR ROBBING TILL

Bartender Takes Employer's Coin Home and Policemen Take Him to Prison.
 SAN FRANCISCO, Aug. 22.—Adolph Hullman, a bartender, was arrested yesterday by Policemen Morton and Keys, and charged with petty larceny, his name being placed on the small book at the city prison.
 Hullman had taken various sums of money from the till of the saloon where he worked on several occasions and the proprietor, Frederick Offermann, notified the police.
 Yesterday morning, the two policemen were on the watchout for Hullman. They saw him look up the store at about 6 o'clock and followed him to his home. They entered his room, and discovered that he had in his possession a sum of money that had been purposely left in the till by the proprietor. They placed him under arrest, and in the police court this morning he pleaded guilty and was given six months.
 WILL EXPERIMENT IN GROWING OF RICE
 GRIDLEY, Aug. 22.—An experiment in rice growing on a large scale is to be made near Gridley, in Butte county, during the coming season. According to the present plans, 500 acres will be planted to rice, which has been pronounced by experts to be well adapted to the culture of the region.
 George K. Aoki, a Japanese merchant of San Francisco, who is one of the leaders of the experiment, has made a study of the matter for some years, and believes that a new and profitable industry can be built up in California.
 Rice requires a rich soil, from a foot to two feet deep, with a pan underneath which will retain the water. These conditions are found in this section and there is also an unlimited supply of water for irrigation. The land for the first California rice field has been selected. During the fall and winter it will be graded and put in shape for planting, which will begin in April. If the experiment proves successful, thousands of acres will be planted to rice in the San Joaquin and Sacramento valleys. California is one of the largest rice-consuming states in the Union, owing to its large Oriental population.

### Rose R. Stokes Hopes to Set Telegraphers Strike by Aid of Rich Woman.

NEW YORK, Aug. 22.—Rose Pastor Stokes, once a cigar roller in the Ghetto and now a social settlement worker with her millions, is a Russian, James Graham Phelps Stokes, believers that she will settle the telegraphers' strike through an appeal to Mrs. Russell Sage, who controls a huge block of Western Union stock which she acquired when the magnate died. A meeting between the two women will be arranged through Jacob H. Schiff, one of the directors of the Western Union.

**PRESENT AT MEETING.**  
Yesterday afternoon marked Mrs. Stokes' public appearance as champion of the strikers, and particularly the women involved in the industrial disturbance. She was present at a meeting held at Manhattan Lyceum and there unfolded her plan which she believes will once more restore harmonious relations between employer and employee.

Jacob H. Schiff, who has always been interested in her work and whom she is sure will lend a willing ear to her request. Through him she will see Mrs. Russell Sage and make a direct appeal on behalf of the telegraphers.

whose wrongs Mrs. Sage has the power to right, as she controls sufficient stock in the company to give her a strong voice in its gravest deliberations.

## COMPROMISE REACHED IN EJECTMENT CASE

After hearing testimony for one day in the suit brought by the Realty Bonds & Guaranty against J. T. Bird and

L. L. Nichols to have the defendants ejected from the basement of the Macdonough building, a compromise was reached by which the case was suddenly dismissed by Judge Waste on the motion of Attorney Clarence Crowell for the plaintiff. He stated that a settlement had been made out of court, but declined to state what the terms included.

The basement is used as a cufe and

when the lease held by Bird and Nichols had expired last May the Realty Bonds & Finance Company began an action for ejectment. The affairs of the Realty Bonds and Finance Company were recently taken over by the O. E. Holte & Company, which probably made a change in the attitude of the case.

## JUSTICE'S WIFE TRAIN VICTIM

Mrs. J. P. Casey Run Over at Port Costa and Almost Instantly Killed.

MARTINEZ, Aug. 22.—The wife of Justice of the Peace J. P. Casey, of Port Costa, was run over by a switching train at the port Tuesday afternoon about 2 o'clock, and was frightfully mangled, death resulting almost instantly.

**BACK FROM TRIP.**  
Edwin Morgan, local hardware merchant, returned Monday from a northern trip, accompanied by his wife, who had been absent in Seattle several months. He reports the upper country to be very favorable to bonding to secure funds for permanent improvements and as result the cities there are away ahead of Oregon towns in point of beauty and substantial attractiveness.

## TRAIN SEVERES MAN'S HEAD FROM BODY

RICHMOND, Cal., Aug. 22.—William Mills, a "nipper" in the employ of the Santa Fe at Franklin tunnel, was picked up dead in the tunnel yesterday afternoon at a little after 2 o'clock. The man's head was severed from the body and the mutilated remains were found in the tunnel. The dead man had been working for the company but a week and nothing is known of the whereabouts of his relatives. The body was taken in charge by Coroner Abbott and conveyed to the morgue at Martinez.

## MAYOR AND BUSINESS MEN ARE AT OUTS

STOCKTON, Aug. 22.—The middle over the improvement of the principal streets of Stockton at about twice the amount originally estimated reached a climax yesterday when Mayor Hudson, the council and the Chamber of Commerce became mixed in a war of words. The Chamber of Commerce took an active part in carrying the bonded and guaranteed to appoint an expert to see that the money was appropriately spent but when the specifications were passed by the council some changes were made that did not please the Chamber of Commerce directors and they refused to take any hand in looking after the work. Mayor Hudson appointed a committee to act with the council and chamber and a meeting was to have been held yesterday, but the chamber refused to participate, and the Mayor and secretary had quite a warm conversation over the matter. The council will have to go on with the work as the contract has been let, but a sum far beyond the estimates will have to be expended.

## REDWOOD CITY WILL KEEP ITS CREEK OPEN

REDWOOD CITY, Aug. 22.—A meeting of interested property owners and users of Redwood creek was held here yesterday afternoon in the town hall under the auspices of the Merchants' Board of Trade. All agreed upon the necessity for prompt action to keep the channel open to navigation and Mr. Thorpe of the Board of Trade was directed to secure the services of one of the competent engineers to examine the creek and prepare an estimate of the probable cost of dredging and of contemplated improvements along the creek and water front. It is also proposed to connect the water front with the Southern Pacific main line by means of a spur track.

**SEATTLE JURIST DIES.**  
SEATTLE, Aug. 22.—William H. Brinker, United States District Attorney in Washington under President Cleveland, a well known jurist and attorney of this state, died here last night of stomach trouble. At the age of 53 Judge Brinker served in Price's army as a Confederate soldier.

## VOLUNTEER COMPANY TAKES LEAD FOR NEW FIRE HOUSE

Lot Secured and Building Goes Up at Dimond From Contributions of Money, Labor and Tools.

DIMOND, Aug. 22.—The volunteer fire department at Dimond is showing commendable zeal and through its efforts an important permanent improvement is being made. Funds available to the fire commissioners were not sufficient for the erection of a suitable building and also for an adequate plant, yet the volunteer company decided to take the matter in hand and erect a building by voluntary subscription of money and labor.

Through the efforts of Edward Ketchum, \$250 was raised in one afternoon, and a suitable lot secured on Champion street within half a block of Fruitvale avenue, upon which there is in course of erection a new two-story building, the lower portion of which will be used for the fire-house and suitable quarters for the team and members who will be in constant attendance.

**MODERN EQUIPMENT.**  
Fire commissioners having agreed to install an up-to-date equipment, which will include an engine somewhat similar to the one already in use in lower Fruitvale. The upper portion of the building will be used as a public hall and will be especially beneficial as a lodge-room, the present Upper Fruitvale hall being a one-story structure and consequently undesirable for secret meetings, although otherwise satisfactory.

The work has been done at the only available time, namely, on Saturday afternoons and Sunday mornings, and while naturally, members of the building trades take a leading part in the matter, still numerous other residents are rendering and will render assistance in the erection of the building.

**MONEY NEEDED.**  
The exterior of the building will be finished as soon as possible, but the interior finishing work will depend somewhat on the liberality of the general public in subscribing funds for the purchasing of necessary material and to finish the building by the time the fire commissioners will be prepared to furnish the equipment.

The volunteer company is naturally much pleased at the liberal assistance already extended by private individuals and also secured some assistance from public service corporations, notably, the Suburban Electric Light Company of San Leandro and the Oakland Gas Light and Heat Company, the latter subscribing \$100. It is expected that the balance of the large public service corporations will assist, and in fact have already been invited to do so.

**LUMBER COMPANIES HELP.**  
The various lumber companies in Oakland and vicinity have shown a commendable desire to assist in this enterprise by furnishing lumber at reduced rates. The Summit Lumber Company, in the honor of furnishing the first bill of lumber amounting to some seven thousand feet of material.

The cement for the foundation was donated by Messrs. Frederickson, Black and the Fruitvale Lumber Company. The sand and gravel was furnished free of charge by L. E. Darling, and also some assistance has been rendered in the way of hauling by the Smith Pluge is furnishing the iron work and the use of tools free of charge.

The Fruitvale Improvement Association, is working hand in hand with the volunteer fire company, both organizations meeting every Monday evening.

**PETITION.**  
We, the undersigned committee of the County Consolidation Club, do hereby request the Chamber of Commerce, Board of Trade, Merchants' Exchange to petition the board of supervisors of Alameda county to ask the Governor of the State of California to call a special session of the legislature to bring the county consolidated act into effect.

**HOTEL MAN DIES.**  
MARTINEZ, Aug. 22.—John Hardon, a pioneer hotel man, died yesterday. He was a native of England, aged 65 years. He leaves five sons and two daughters.

**PIONEER WOMAN DIES.**  
SALINAS, Aug. 22.—Mrs. W. H. Clark, mother of Frank Clark, Mayor of Salinas, dropped dead yesterday at the home of a friend. Heart disease caused death. Mrs. Clark was 68 years old and came from New York State forty years ago to Salinas.

At a time when seconds were of vital importance the superintendent made his arrangements with coolness and vigor. There were a few tense moments of uncertainty, a dash into smoke, laden with chemical fumes, to reach the water faucet and then, with a good stream, the flames were quickly brought under control.

The damage to the plant is estimated at \$10,000.

## EPWORTH FOLK AT ELMHURST

Quarterly Rally of County Alliance Representing More Than 1000 Young People.

The Alameda County Epworth League Alliance held its quarterly rally Tuesday afternoon and evening at the Saratoga avenue Methodist Church, Elmhurst. At 3 p. m. Rev. J. W. Bryant of Alameda opened the convention with a song and prayer service. Miss Edna Threlway, a deaconess of Alameda; Miss Bertha Tyrrell of Dimond, Fruitvale, and Sam F. Batdorf of Berkeley each read an interesting paper on league work, which was followed by lively discussions. Dinner was served by the ladies of the church at 5 o'clock.

Dr. J. Emmett Clark, the president, presided and the evening program was opened with a song service led by Rev. S. M. Woodward of San Leandro. As the secretary of the alliance called the roll of leagues fifteen societies responded with splendid reports, while five were not represented.

There are now considerably over 1000 Methodist young people of Alameda county connected with the Epworth League Alliance.

Rev. W. H. Ellison of Hayward conducted a round table and some interesting questions were asked and enthusiastically discussed.

The alliance voted to employ two deaconesses to assist them in their league work during the coming year.

ROAD FRANCHISE**

Richmond Trustees Order Sale of Franchise and Publication of Board's Intention.

RICHMOND, Aug. 22.—City Clerk H. H. Turley made another trip to Martinez today to do some more work in checking up the tax roll for this city.

**TO VOTE AGAIN.**  
The Board of School Trustees and the High School trustees will hold a bonding election to again vote on the subject of bond issues for their respective districts. Under the old laws laws were discovered and these are to be abolished at the new bonding election. If possible, the meeting of the trustees of the high school district and the Richmond School Board was called this afternoon to consider the matter of the proposed new bond issues.

A portion of the building occupied by O. R. Ludwig's meat market, on Washington avenue, is being fitted up for a bowling alley.

**INTERNAL INJURIES.**  
Antonio Bolish was caught in a caving of the sewer ditch this morning at Sixth and Florida streets. The man was an employee of the Kinney Construction Company. He was injured internally, but not seriously, and was taken to the Roosevelt Hospital for treatment.

After the mass the members assembled in the hall and commenced nominations for grand officers. President Hennessey was placed in nomination for another term, but declined on account of business engagements. J. B. Queen of Genoa was nominated and was elected without opposition. For first vice-president James P. Berry was placed in nomination. Second vice-president without opposition, D. J. Lucy was chosen marshal. George Martin of Napa inside sentinel, and J. J. Calhoun outside sentinel. The following delegates were elected grand directors without opposition: Orey J. Short of San Francisco, Edward Morris, Mario Fovino, F. J. O'Brien and T. Brook.

Mass evening banquet held at Compas' hall about 100 being present. Dr. W. J. Wickman, past president of St. Raphael's council, was the toastmaster. The session closed today.

## BALLINGER IS NOT CONVINCED OF FRAUDS

SEATTLE, Wash., Aug. 22.—Unless the State of California can produce something more than general accusations and theories, Commissioner R. Ballinger will not be disposed to suspend any more land entries in that State on account of the mineralogists' contention that they contain minerals. Commissioner Ballinger made a trip to California and listened to all that was said there, and he started East again last night, convinced that the only thing California could show was a general charge that the public lands were being grabbed.

In so far as the officials of that State are concerned, the Commissioner of the General Land Office has a right to pin them down to the proofs and has failed. Unless his own special agents produce definite proofs, Commissioner Ballinger will drop the California controversy.

It leaked out yesterday as an evidence as to what was in store for the rest of the Commissioner's reorganization scheme in the land office that just before he came West Commissioner Ballinger dismissed Charles H. Chapman, a classmate of President Roosevelt.

The Commissioner took the President at his word when Roosevelt told him to exercise his own judgment, and decided that Chapman in his position in the Patent Office or copying room was not doing his full duty. Without consulting any one or even reading over the civil service regulations Ballinger dismissed Chapman. The Commissioner stands by that action and has heard no objection. He said he was determined to strengthen the organization he has at work ferreting out land frauds and to clean up all the department work as rapidly as possible.

## Cool Head Prevents Terrific Explosion In Powder Factory

PINOLE, Aug. 22.—Fire broke out in the nitro-glycerine section of the Du Pont de Nemours Powder Works here yesterday and a disastrous explosion was averted only by the prompt and heroic action of Superintendent John Birmingham and a corps of volunteer firemen.

At a time when seconds were of vital importance the superintendent made his arrangements with coolness and vigor. There were a few tense moments of uncertainty, a dash into smoke, laden with chemical fumes, to reach the water faucet and then, with a good stream, the flames were quickly brought under control.

## CAR STRIKE MAY BE AT AN END BY LABOR DAY

So Says Secretary Tveitmoie—President Calhoun Will Not Admit There Are Negotiations Pending.

SAN FRANCISCO, Aug. 22.—Despite all the rumors that the long-standing car strike in this city would be settled last night at a meeting of the general strike committee, nothing of the sort happened. However, at the end of the meeting Olaf A. Tveitmoie, secretary of the meeting reiterated his Tuesday declaration that the end of the strike was in sight. He spoke with complete assurance, but refused to reveal by what authority or through what knowledge he made such a statement.

According to him, his information was conveyed by a large percentage of the striking carmen who would vote to return to work at once if they were granted the right to return at their old rate with the understanding that the wage and hour problem would be adjusted later.

**BOTH DENY IT.**  
Both President Patrick Calhoun of the United Railroads and President Richard Cornelius of the Carmen's Union emphatically deny that negotiations toward an early settlement of the car strike are pending. Calhoun denies that any proposition had been offered to the strikers by the United Railroads, or received by the company.

In the meantime the trouble stirred up between the Building Trades Council and the Labor Council at the meeting Tuesday night continues to agitate members of both organizations.

Following the full text of the resolution voted upon at the meeting on Tuesday night and which caused the first discussion. The resolution was adopted, Cornelius refusing to vote for it, after delegates Michael Casey, Andrew Furuseth and Andrew J. Gallagher of the Labor Council had left the room to avoid a vote.

**THE RESOLUTION.**  
"For some time past certain persons have made it their special business to ingratiate themselves with certain men affiliated with organized labor for the purpose of posing as labor's friends. These persons have endeavored to carry water on both sides, first by assuming the position of the only true advisers of organized labor, and second by doing the policies of those who are bent upon the destruction of the union movement in San Francisco. To carry out their designs organized labor has been tricked about like a football, first being placed in one position and then in another. Placated this moment and during the next being made the victim of a plot destined, if successfully carried out, to become its undoing, organized labor, however, has not been fooled by them.

"The first intimation regarding the position occupied by these persons was heralded to the world a few weeks ago, when a movement to divide the labor union forces of this city and county was launched by the corrupt Crothers, the contemptible Olver, assisted by the unscrupulous Livernash, in that unrelenting and irresponsible pamphlet known as the Bulletin, an evening publication generally despised and scorned by all honest and loyal union men.

**POLITICAL MANIPULATION.**  
"These persons, who by environment and affiliation have not the slightest use for unions or union men, have used every means known to political manipulation and intrigue to lead the union movement into inextricable confusion, with a view to rendering it powerless at the coming election. Having failed thus far, innovations have been introduced by which it is intended that all efforts to bring industrial peace by and through the agency of the general campaign strike committee may be nullified.

The falsified reports appearing in the Bulletin from day to day but confirm these facts. Reports of alleged conferences between the contending parties which are absolute lies are disseminated for the purpose of widening the breach between the principals in the present controversy, in the hope that a settlement may be indefinitely deferred, the members of the organizations disheartened, their representatives discredited and the industrial troubles of our city intensified.

"To those who are unfamiliar with the situation as it exists these published statements appear as true, when in fact they are only lies, the print of this infamous newspaper.

**PEOPLE SUFFER.**  
"The people of San Francisco generally and the merchants who have their money invested and are dependent upon the public for patronage, are made to suffer a continuance of a struggle which is having a destructive effect upon them by the falsified statements of an irresponsible journal, the like of which should not be tolerated in a community laying any claim to decency.

"In other words, they believe that by publishing in their un-American press statements regarding Mr. Calhoun, that he will, in order to preserve his good name, decline any proposition made by the General Strike Committee.

**MATTER OF REGRET.**  
"It is to be regretted by every resident of our city, be he millionaire or wage earner, that such a contemptible coterie of scoundrels should be found within the boundary lines of our own city. This evil here and now brands each and every statement published at the instigation of Edward J. Livernash, the contemptible and unscrupulous Crothers, no-descript Olver, as absolutely untrue, unwarranted and without any foundation in fact. In fact, it is a gross misstatement of the chairman of its ways and means committee, in the personnel of P. H. McCarthy, or of any member of this committee with Mr. Calhoun in connection with the settlement as published in the Bulletin, and no publication since the signed statement made over eight weeks ago by this committee."

**MR. CALHOUN'S STATEMENT.**  
Patrick Calhoun dictated the following statement without comment: "The United Railroads is not at the present time negotiating with anyone for a settlement of the car strike. The position is absolutely unchanged. There is no move either for negotiation or settlement. The railroad company has already employed a large number of old men, who have applied in the regular way, and will from time to time, as its needs require, employ an additional number of former employees if such employees wish employment. The railroad company has no quarrel with organized labor and has nothing but the kindest feelings for many of its old men, who were misled to the strike through outside and corrupt influence. It is apparently desirous to some of the old men who were misled to the strike that it may be settled off. There are certain interests in San Francisco that would prefer to see a continuation of industrial strife.

"The interests of the city, or organized labor, of the old employees of the company are identical. It is to the interest of one and all that this unjustifiable strike be called off and the great trouble of the city be ended. The United Railroads has contended, firmly established."

**OUTSIDE INFLUENCE.**  
Mr. Calhoun refused to expand upon the "outside and corrupt influence" that he charged with breeding the trouble, nor would he more definitely attack the corrupt Livernash, but he accused of certain interests that he accused of desiring a continuation of strife. Others would be placed as vacancies occurred.

"These persons yesterday was quiet and to the point. 'We have carried the strike for sixteen weeks successfully, and we are now able to carry it and we will ourselves, without instructions from outsiders. If it is settled we certainly will have some say.'"

**FIRE AT HATCHERY  
DESTROYS RESIDENCE**  
REDDING, Aug. 22.—The superintendent's residence of the United States fish hatchery at Baird was burned yesterday. Defective wiring was the cause. The building, which belonged to the government, cost \$5000. The personal loss of contents falls on Captain Lambson, the superintendent, and is \$2000.

## \$500,000 TO BUILD ROADS

Contra Costa Supervisor Wants Big Bond Issue for Good Highways.

MARTINEZ, Aug. 22.—Supervisor Harrison is urging the advisability of this county issuing bonds in the sum of \$500,000 strictly for road purposes.

The proposition is to build the main roads through the county so substantially that further outlay upon them will not be necessary for many years to come, thus affording the several road districts to apply all of the road tax money in making good by-roads. It is one of the most direct means of establishing an enviable reputation for the county that could be devised, the supervisor believes, and as a result really would advance in price many times more than the amount of the bonds. Work on such road building would be done by contract.

## BURGLARS ROB CITY TRUSTEE OF RICHMOND

RICHMOND, Cal., Aug. 22.—Burglars entered the home of City Trustee J. R. Nyström on Tenth street Tuesday night while the family was sleeping and succeeded in making away with \$70 in money. So far as can be ascertained no other valuables were taken.

Nobody seems to know how the cracksmen gained admittance to the house, nor their identity. The money was taken from the trousers pocket of Mr. Nyström and his son. Both returned home late from attending a lodge meeting and retired in a room on the second floor of the dwelling, leaving their wearing apparel hanging on chairs in the room. The midnight marauders came in and rifled the pockets and made their exit without being detected. A purse belonging to one of the daughters was found on the back porch but the thieves had taken the money with them.

## NAPA YOUNG MAN AND ALAMEDA GIRL

YOUNTVILLE, Napa Co., Aug. 22.—The engagement has been announced. Miss Florence Christensen of Alameda and Frank Drouet of this place. Miss Christensen, who is the daughter of Dr. and Mrs. C. A. Christensen, old resident of Alameda and San Francisco, is a strikingly beautiful and highly accomplished girl. She is decidedly popular among the younger set in Alameda.

Louise Drouet, up to three years ago was a resident of Napa and is well known both here and there. No definite date for the wedding has been set.

The bitterness of disappointment still rankles in the personal life of former Governor Pardee, although it parades its vindictive quality as an exhibition of civic virtue. It establishes the purity of its own motives and the wickedness of those it assails by the very method of calumnious aspersion. However, accusations are the vilest things in the world to make. Only a few days ago Dr. Pardee was charged in a court proceeding with conniving at blackmail while holding the office of Governor. No sensible person would give any credence in the charge, which was malicious on its face, and persons assailed by false assertion and baseless imputation should be chary of dealing in the same sort of material.

Standard Oil's Rebate Fine.

The question of collecting the big fine of over \$29,000,000 imposed by Judge Landis of the United States Circuit Court of Illinois on the Standard Oil Company as the penalty of rebating railroad rates, is exciting considerable discussion in the East. Some are of the opinion that it cannot be collected from the Standard Oil Company of Illinois, the defendant corporation in the suit which was penalized, and that insurmountable difficulties may be encountered by any effort made to collect the fine from the parent organization—the Standard Oil Company of New Jersey. But a careful survey which has been made of the properties of the Illinois branch of the big monopoly has revealed the fact that its Wheeling refining plant is worth at least \$40,000,000, although only assessed for taxable purposes at less than \$3,000,000 and that a levy upon that property alone will easily satisfy the judgment. Of course, if the levy can be made on the Standard Oil's property anywhere in the United States, which will probably be possible, inasmuch as it is a Federal and not a State court's judgment, there will be no difficulty on the part of the government in making the collection, for, according to John D. Rockefeller's admission on the witness stand, its capitalization is \$100,000,000 on which the properties possessed by it have paid dividends aggregating over seven times that amount.

Thomas W. Lawson, of "frenzied finance" fame, in a recent New York Times interview, says: "To my mind only one acquainted with frenzied finance would pretend this fine, and scores of like ones, which will follow, will not be collected to the last farthing. . . . Pshaw! \$29,240,000! This did not cover the pickings from either one of the three big insurance companies for a single year, and more than that amount has been looted in single cases by the controllers of railroads."

The collection of the fine depends, of course, upon the judgment of Judge Landis being sustained by the Appellate Courts. The Rockefeller and their associates are making no signs of submission to the judgment. Rogers is said to be balking against its payment, not because the imposition of a fine was unjust, but because it is excessive. He would have been willing to pay \$1,000,000 or \$2,000,000, and let it go at that, but the payment of a fine of \$29,240,000 goes entirely against the grain, and he was wrathfully opposed to its payment. John D. Rockefeller was recently reported by the Chicago Tribune as confessing, in a meeting of the Standard Oil magnates at 26 Broadway, New York, that their methods of doing business had been all wrong and that hereafter they must mend their ways and conduct the affairs of the corporation on a lawful basis. There was no offer of restitution; no intimation that, as president of the corporation, he would not resist the payment of the fine. In all probability though the reported address to the Standard Oil directors was an ingenious fake and a satire on Rockefeller's pious ways of self-condoning his laches against law, through large contributions to religious and educational institutions.

The usual delays of the law are anticipated in the collection of the big fine through the employment of those processes which are allowed by American courts. There is a marked contrast between the prospective dilatory collection of the fine in the United States and the expedition with which it would be carried out abroad, as illustrated by Baron Palles, the Lord Chief Justice of Ireland, in a recent New York interview, in which he said:

"If the Standard Oil fine had been imposed in Ireland, the Standard Oil would either have to pay the \$29,000,000 fine at once or, if they appealed the case, the appeal would have to be heard and decided without any delay. Then, if the decision were sustained, we would collect the fine on a judgment immediately. We would hardly tarry as long as they do in the American courts before making the Standard Oil pay up."

Pending the collection of the fine, however, there is to be no let up on the part of the government in its pursuit of the Standard for the offenses it has committed in other States, where, if the same results are obtained in the litigation waged, the Illinois penalty will cut but a small figure, as "Frenzied Finance" Lawson predicts, in the total amount the great monopoly will be finally called upon to disgorge of the enormous wealth it has unlawfully acquired.

Says the Oakland Enquirer:

"But why is THE TRIBUNE so solicitous? Is it apprehensive that Mr. Heney in his investigation may trace the trail of the serpent near 'Home' on this side of the bay?"

The trail Mr. Heney has signified a desire to follow in Oakland is that of the Pacific States Telephone Company, of which the Enquirer was so vociferous and offensive a champion. Halsey and Glass acted for the Pacific States Company. So did the Enquirer. This is a statement of fact, not an insinuation; nevertheless, it carries its own suggestion. The Enquirer is better able than we to say whether there is a crooked trail leading home.

We have been boasting of the increase of nearly \$250,000,000 in the taxable values of California, but it seems that there are other States having an equal right to boast. Texas shows an increased valuation of \$350,000,000 over the assessment roll of 1906. The increase is a trifle over 23 per cent. The State tax rate is 36 2-3 cents on the \$100 valuation, twenty cents of which is for school purposes. They seem to be having good times down in Dixie. California would not be behind Texas had not San Francisco been devastated by fire.

President Wheeler of the State University is a clever and adroit man. He has a pleasant way of excusing his own political activity by condemning political activity in others. But the perverse decline to perceive that Dr. Wheeler's activity is always for the public welfare, while the activity of those with whom he differs is quite the reverse. The truth goes and goes and is not understood.

FROM SAN FRANCISCO EXAMINER, AUG. 22

The Prosecution Should Play  
No Favorites Among the Bribers

There are no indictments of the fight trust members. They paid it because of a bank of evidence of any crime. You hear all the newspapers testifying that when they received the \$500 of fight trust money they did not know it was to be paid them. So the papers of the money did not constitute evidence. It was not a bribery to influence the vote of the Supervisor.

As to the Fight Trust, Telephone Company officials, they didn't give the money out of the company. They paid it out of their pockets, so there is no way to trace it except through the Fight Trust.

We intend to carry the prosecution against the Home Telephone people and the principals of the fight trust to the end. The sole reason why indictments have not been returned sooner is because we have been too busy preparing the cases already presented in court and conducting them to carry our investigations in other of these matters to a conclusion.—District Attorney Langdon.

FRANCIS J. HENEY'S statement that no effort would be made to indict the members of the Fight Trust and the directors of the Home Telephone Company is not pleasant reading for the people of San Francisco.

When this graft prosecution began, the promise was made that there should be no discrimination among thieves; that all who were shown to be guilty of debauching public officials would be prosecuted, and that neither wealth nor influence would save any guilty man. It was on this platform that the prosecution received the support of the people, and it would be the gravest mistake to depart at this time from the course then marked out.

It is not against this individual or that, that the anger of San Francisco is aroused, but against the whole crew of bribe-givers and bribe-takers.

Mr. Heney puts his intended forgiveness of the Fight Trust bribers on the ground that the Supervisors accepted the \$500 of Fight Trust money after they had voted, without knowing they were to be paid, and that therefore the payment of the money did not constitute a crime.

According to the confessions of the Supervisors, that was the rule in all the bribes. They voted as they were told, and after awhile Gallagher distributed the price of the votes.

According to that precious scallawag, Bonergan, in his original confession, this was exactly the course followed by the Gas Company.

"During all this time," said Bonergan, speaking of the gas business, "there never was a word said about a hold-up, bribe or corruption fund. But a few weeks afterward big Jim Gallagher came to me and handed me \$750." Bonoxton and Wilson on the witness stand told similar stories.

Why should there be any discrimination when the method of bribery is absolutely identical?

And Mr. Heney says that he is not going to have the members of the Home Telephone Company indicted because the money was paid by Detwiler, and there is no direct evidence that the others participated in the bribery.

In the Parkside case, for instance, Mr. Heney can hardly claim that all of the men indicted actually paid the money. But in this, and in other cases, wherever a guilty knowledge was presumed the indictments were forthcoming.

Again the question is put: Why discriminate between bribers when the methods of bribery are the same?

There is some comfort in the fact that District Attorney Langdon doesn't indorse Mr. Heney's program, but says he is going ahead and is going to prosecute them all.

Mr. Langdon is right, and "The Examiner" hopes that he will stick to that program without any compromise. The community has supported this prosecution, and wishes to support it, on the theory that all the guilty men would be punished. That is the only course by which the prosecution can hope to retain the confidence of the people, and the confidence of the people is bound to be lost as soon as it learns that there is to be discrimination between thieves and bargains with corrupt men.

It will not do to let any criminal escape because of any corrupt promise of immunity having been made him by anybody, and it will not do to confine the prosecution to the financial opponents of any individual or any interest.

In the beginning a statement was made that no guilty man should escape, and that no innocent man should be attacked.

"The Examiner" sincerely hopes that that program will be absolutely adhered to. To stop midway—to make fish of one and flesh of an equally guilty briber—would be infamy.

District Attorney Langdon should see to it that the graft prosecutions come to no such melancholy end.

Better Late Than Never.

After almost sixteen weeks of hopeless struggle in a strike that was foredoomed to failure, because it lacked either reason or justice, the labor leaders of San Francisco seem to be coming to their senses. Supervisor Tveitmo, secretary of the general strike committee, has given out a statement in which may be seen the first ray of intelligence discernible on the striking carmen's horizon since the first week in May. After the last meeting of the general strike committee, Tveitmo prophesied, "We will all ride in a week." He declared that a thousand striking carmen would apply for reinstatement with the United Railroads, and then added most significantly, "Recognition of the union will not be discussed." If the labor leaders had not deluded themselves by the idea that San Francisco was such a union-ridden city that they could win on any terms they chose to demand, they would have recognized sixteen weeks ago that Patrick Calhoun meant exactly what he said when he warned the Carmen's Union that if its members went out on strike in violation of their own general laws he would never recognize that body again. Tveitmo's conviction that "recognition of the union will not be discussed" is better late than never.

Simon Guggenheim, the smelting trust Senator from Colorado, says an effort is being made to make Roosevelt President for life. The opposition of men like Guggenheim, and the influences and tendencies they represent, adds to the strength of the third-term movement. Senator Guggenheim's enmity is a certificate of character with the people. Guggenheim's presence in the Senate stimulates the desire to keep Roosevelt in the White House.

POINTED PARAGRAPHS

Robinson: "There are times when God asks nothing of His children except silence and patience."

The "true version" of the rescue of a waitress by Mr. Fairbanks in Yellowstone Park, as told by the Washington correspondents, is that there was no rescue, that the water was only two feet deep, and the Vice-President did not even leave the hotel veranda. Nothing delights those Washington correspondents so much as to explode some one else's fiction.

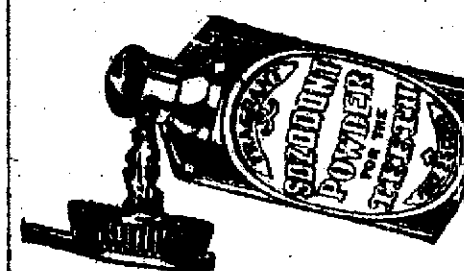

In Melbourne a movement has been started to erect a statue of John Batman, the founder of that city. Seventy-two years have passed since Batman, after tying his boat to a tree close to where the Melbourne custom house now stands, wrote in his diary: "This will be the place for a village." The village is now a city with a population of more than one-half million. Batman did not live to see more than the small beginnings of the city he founded.

Although the Mayor of New York had been asked to resign, he had not done so.

In civilization during recent years some of their barbaric superstitions survive. One of the most persistent is belief in the "tonguna" or tribal medicine man. His patients sometimes succumb to his energetic methods of treatment. The latest case of that sort comes from Walkato. A sick girl, after having been immersed in cold water for some hours, was beaten with sticks to drive the evil spirits out, the "tonguna" afterward gripping her throat to prevent their re-entering. She died the next day.

It is a matter of report that the possession of a "straight" and still more of "four of a kind" is apt in a certain game of cards, sometimes called the "great American game" to lead to a rise in financial rating. It was perhaps due to this that a sturdy citizen of North Dakota, by the name of Kapperman, got it into his head "that any man having six boys straight is entitled to a prize of \$1500." He not only had six "straight," but he had "six of a kind." His letter to the Treasury department at Washington asking for the \$1500 is to be referred to.

Cheaper Than You Think

It would surprise many people to know how cheap good insurance really is. It would most likely surprise you. It would pay every man, who realizes that the protection of his family is important and desirable, to get posted as to the recent changes in insurance laws, and examine for himself the forms of policies now to be obtained. Such a man should write the

Mr. Merwin is superintendent of the night schools of this city and is a prominent educator.

## MENEFEE-METCALF.

The marriage of Miss Louise Lake Menefee and Esmond Martin Metcalf Metcalf, U. S. N., which took place yesterday afternoon, was one of the prettiest affairs of the season.

The ceremony was performed at St. Peter's Chapel, Mare Island, and friends of the couple were present from San Francisco, Oakland, Berkeley and San Rafael. The decorations were masses of pink blossoms against a background of glossy greens.

The bride wore a clinging princess wedding robe, adorned with lace with a wedding veil of tulle to complete the costume. She was escorted by Surgeon Arthur W. Dunbar, U. S. N. At the altar they were met by Esmond Metcalf and his best man, Lieutenant Thomas Caldwell Turman of the Marine corps. The officiating clergyman was Chaplain A. A. McAllister, U. S. N.

After the service the intimate friends repaired to the Menefee home, where a wedding feast was served. Among this number who gathered there were Secretary and Mrs. Victor H. Metcalf, Mr. and Mrs. George Metcalf of Berkeley, Mr. and Mrs. Brockway Metcalf of Berkeley, Mr. and Mrs. W. C. Miller of San Francisco, Mr. and Mrs. Peyton Metcalf of San Jose, Mrs. Mary Metcalf of Oakland, John W. Metcalf of Oakland, Mr. and Mrs. D. E. Miles, Mr. and Mrs. Thomas Lake Miller of San Francisco, Surgeon and Mrs. Arthur W. Dunbar, Lieutenant and Mrs. Wallace Berthoff, Lieutenant Caldwell Turner and Mrs. Martin Kellogg of Berkeley.

Esmond Metcalf and his bride will spend their honeymoon days at Lake Tahoe, returning to Mare Island, where the young officer's assignment to the United States steamship California will keep him for the present.

## CARNIVAL SPIRIT BRINGS OUT FRIENDLY RIVALRY

### Odd Fellows and Native Sons Decide on Special Days and Evenings for Their Big Showings.

The Odd Fellows and the Native Sons have now decided upon special days and evenings during the fiesta in Idora Park and will in a few days announce the dates on which they are to hold carnival. Their committees are hard at work and are determined that they shall not be outdone by the Knights of Pythias and the Woodmen of the World. A keen but kindly rivalry has been aroused by the individual energy with which each large fraternal organization has thrown itself into the undertaking.

Arrangements were made last night for the Fraternal Brotherhood's participation in the carnival. This flourishing order will be conspicuously represented in the park. It has begun preparations with vim and will have its name to the fore when the big show opens on September 22.

#### TO STRIVE FOR PRIZE.

The Tribe of Ben Hur is interested, too, and has already selected the location for its booth on the carnival grounds. It has appointed a committee to look after all the details attendant upon the preparation and decoration of the booth. An effort will be made to win the prize offered by the carnival committee for the most tastefully adorned concession of this kind in the park.

The Woodmen of the World are going into their preparations for the carnival in high spirit. The committee representing Oakland camps has written to every camp in Alameda county and asked for co-operation. The letter sent to each is full of enthusiasm and promise of a rousing time on Woodmen's day and night of the carnival. Following is a copy:

"Esteemed Neighbors—The Woodmen of the World have been given Thursday, September 16, for the W. O. W. day and evening. No expense to your camp. Appoint committee of three to meet next Friday evening, August 22, at 8 p. m., Woodmen hall, 521 Twelfth street, Oakland.

"If your committee cannot attend give sanction of camp to participate and notify the committee to that effect. Your camp will be given the privilege of securing books of twelve admissions to the carnival, which you will sell for 10 cents each, five cents of the dollar for your camp's treasury. This is straight goods, and the carnival will be first-class as it is under the auspices of the Chamber of Commerce and the Merchants' Exchange, of Oakland.

"This is a good opportunity to secure funds for your camp or for your degree team. Remember, there will not be one cent of expense to your camp. Boost for woodcraft, and make this day and night a stupendous affair."

"W. O. W., Wonder of Wonders. The order that does things. Fraternally yours, 'D. A. SINGLAI OF 457, 'R. C. VOSE OF 101, 'T. M. ROBINSON OF 24."

#### COMMITTEE TO REPORT.

At the meeting Friday evening the committee will submit a partial report covering its plans for the carnival performance and seek endorsement of what it has done.

Nearly 150,000 festa envelopes have now been taken by merchants for use until the close of the exposition. All the city and county offices and departments are sending out their mail in them, both the council and the board of supervisors having officially recommended that they do so. The distribution of these envelopes will serve as a tremendous advertisement, not only for the carnival but also for the county, and very few merchants who have been approached have refused this assistance in the great public work that will benefit all. The carnival committee is giving the envelopes to the business men at cost.

#### OVER 100 TO EXHIBIT.

As far as the industrial exhibits are concerned the prospect is very bright. Over a hundred merchants and manufacturers have written to exposition headquarters to the effect that they will exhibit and many of them have called at room 222, 1218 Broadway, and selected their spaces as shown by a drawing of the interior of the Idora Park skating rink.

All indications point to an overflow of the pavilion. A large tent will be stretched for those who are unable to secure room in the big rink. It will be to the advantage of the exhibitor, however, to make his space reservation with as brief delay as possible.

#### SPLENDID CARNIVAL.

Director-General Miller is enthusiastic over the promise of success. "The exposition and carnival will be the finest demonstration California has ever seen," he said this morning. "It will eclipse the floral festival of Los Angeles and, considered purely as a carnival, it will rival the famous Mardi Gras of New Orleans. Everyone is boasting. Everyone is helping and working hard. This means that Alameda county is determined to show what it can do. There is an enormous mass of detail to be worked out, but with the assistance of all public-spirited residents of the county we will make the State take notice. The industrial display will be a surprise, as we have not realized heretofore the scope of our resources."

The members of the executive committee share Miller's enthusiasm and expect the total attendance to exceed 400,000.

## CONGRESSMAN KNOWLAND SPEAKS ON NOTED EVENING

### Brilliant Event Planned for Native Sons

During the intermission of the play entitled "The Pit" on Monday evening, August 24, Congressman J. R. Knowland will deliver an address at Ye Liberty Theater. The occasion will be a theater benefit tendered Athene Parlor, No. 185, N. S. G. W. From present indications every seat in the house will be sold. The members of the parlor are working to make this event the success of the season.

Persons fortunate enough to obtain tickets for the above evening will be presented with a beautiful souvenir program to be distributed among the friends that attend the annual theater party.

#### COMMITTEES.

The committee in charge of the affair is composed of the following members of the order:

Executive committee—E. F. Garrison (chairman), N. P. White, E. T. Biven, Eugene Stachler, E. G. Burwell, Geo. A. Warnerck.

Program—Roy Ed Crossman, C. F. Volker, Dr. F. C. Kleeman, C. H. Cone, Geo. G. Interroll.

Arrangements—Frank H. Graham, J. L. Flynn, J. S. Biven.

Advertising—E. S. Babue, J. F. Haasler, J. H. Green, F. W. Anderson.

Press—Chas. F. Corrigan, A. W. Rettig, W. J. Elliott.

#### PETER SEGARD FOUND DYING UNDER WILLOWS

Shortly before last midnight several boys who were prowling along the shore of Lake Merritt discovered the unconscious form of a dead man lying under a clump of willows. The police were notified and the man was taken to the Receiving Hospital, but he died on the way. Later he was identified as Peter Segard, 40 years of age, who lived at 812 Twenty-fifth street. The cause of his death has not yet been determined. An inquest will be held tomorrow at the morgue, where the body was taken from the Receiving Hospital.

## LOSES SECRET IN ROOT BUMPS

Code Key Forgotten by Inventor Who Will be Given Outing to Refresh Memory.

SEATTLE, Aug. 22.—Richard Wells, an inventor, left Seattle last night for Vancouver, guided by a physician, nurse and valet provided by Eastern capitalists who are giving him every opportunity for the recovery of his health and the recollection of a code system once tried, which would make them wealthy by cable as cheap as writing a letter.

Wells invented a code system that had been tested by investors, and showed that cable messages of a collection's length could be epitomized to a few words. An attempt to steal his code led Wells and his advisers to destroy the key. Then Wells went to San Francisco and was mixed up in a street car riot in that city and seriously injured. As a result of his injuries he cannot recall the key to the code and in the hope that he can regain it, Eastern investors are paying him with every attendance on a trip for his health. Three persons attend him here.

## 'LIGHT IN HER UPPER STORY'

Tim Moriarty Gives His Reasons for Wife's Charge That He Fails to Provide.

Domestic infelicity landed Mr. and Mrs. Timothy Moriarty in the Police court this morning. Timothy, as defendant, and his better-half as the complaining witness. The trouble was called to the attention of the police shortly before midnight last night when Mrs. Moriarty caused her husband's arrest on a charge of battery. This morning she appeared before Prosecuting Attorney Decoto and swore to an additional complaint, charging Tim with failure to provide. Moriarty is flat in his denial of his wife's charges, and he even goes so far as to say that she is "light in her upper story." Mrs. Moriarty's reply to this counter-charge is awaited with interest, as it is expected that it will contain important allegations.

Moriarty is a native Canadian and makes \$5 a day. He says that he has been working steadily, and has always contributed liberally and regularly to the support of his family. The Moriarty's reside at 967 Park street. Charges against Moriarty will be given a hearing tomorrow.

#### EX-CARMAN TAKEN FOR WATCH THEFT

SAN FRANCISCO, Aug. 22.—Mrs. Joseph Fleischel of 802 Mission street was responsible for the arrest of Roy C. Hess, an ex-carmen, yesterday, for whom the police have been looking for several days. Hess was charged with stealing a watch last week from the home of Theodore Wetzel, 635 Fifth avenue.

Yesterday Hess came into the jewelry store conducted by Mrs. Fleischel and offered to pawn a watch. The woman had read in the paper of the theft and immediately recognized the watch presented by Hess as the one reported stolen.

Mrs. Fleischel told her husband of the matter and he pointed Hess out to Detective Burke of the Mission Station. The detective trailed Hess to his lodgings at 2526 Twenty-second street and took him into custody. He is being held at the city prison.

#### ELECTRIC AGENTS IN BUSINESS CONFERENCE

SAN FRANCISCO, Aug. 22.—The general agents of the General Electric Company of San Francisco, N. Y., are having a business conference at the Fairmont hotel. Yesterday afternoon, today and tomorrow were designated as the time for discussions, which are purely of a private business nature. There are thirty-five men, all told, at the meeting.

Those who arrived at the Fairmont yesterday and took apartments already engaged for the week are P. D. Wagoner and Mrs. Wagoner, and J. T. Stockdale and Mrs. Stockdale from Schenectady, N. Y.; C. R. Craton and W. Winter from Portland, Or.; A. W. Ballard and Mrs. Ballard and A. S. Glasgow from Los Angeles; and E. S. Babson and W. Hendry from Seattle and Thomas Adison from Berkeley.

One of the reasons for holding this year's meeting here is because California is the foremost state in the union for great electric power projects and the future is big with possibilities for the industry.

#### JERE LYNCH KNOCKED OFF CAR AND INJURED

Former State Senator Jere Lynch was painfully cut and bruised yesterday afternoon between two cars at Eighth street and Broadway. Lynch boarded an Oakland avenue car and started to swing around a station to sit down on the inside when a Telegraph avenue car came along and knocked him to the ground. A quick stop on the part of both motormen saved the Senator from more serious injury, although he was painfully cut and bruised. He was immediately removed to his apartments at the Key Route Inn, where he is resting easily today.

#### SWITCHMAN CRUSHED; DIES OF INJURIES

While coupling two freight cars in the West Oakland yards yesterday afternoon Guy R. Williams, a switchman, was caught between them and fatally injured. He was slain when picked up but his body and limbs were so terribly crushed that it was at once apparent that he had no chance of recovery. He lived for several hours and died in the West Oakland railroad hospital, where he was taken after the accident. Williams was a married man and 38 years of age.

The Limit of Life. The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 30 and 40 years. The proper care of the body during this period cannot be too strongly urged, carelessness that being fatal to life. Nature's best helper after 30 is Dr. J. C. Hitters, the scientific tonic medicine that every man should have in his home. Guaranteed by Osgood Bros., druggists, Seventh and Broadway and Twelfth and Washington streets, etc.

## NO TIME FOR WEDLOCK TRIAL

Teachers Who Marry During Vacation Are Refused Further Leave of Absence.

SAN FRANCISCO, Aug. 22.—The Board of Education has decided that its teachers cannot experiment with matrimony during the holidays and hold their jobs through a leave of absence to see how they like the novelty of being "Mrs." Immunity contracts of the sort will no longer be sold the board yesterday, and if teachers will persist in getting spliced, they will have to look out for other jobs later on, and can't come back when the honeymoon is over.

Mable T. Keller-Thompson and Mary E. Tanford-Ballard raised the issue when they applied for leaves of absence. The board always desires a reason for these requests, and when it found that the two young women had been married this vacation and wanted the time off to see how they would like it, the governing body at once decided that though leaves of absence make the heart grow fonder, it wouldn't do to wait developments.

#### TEXAS WOMAN LOSES DIAMONDS ON TRAIN

Mrs. Thomas Whitton, of Fort Worth, Texas, has complained to the Southern Pacific officials that she was robbed of \$700 worth of diamonds and other jewelry while she was traveling on train No. 23 on Tuesday night. Chief Horgan, of the Southern Pacific detective force, has taken the matter in charge, and has asked for the co-operation of the local police force in recovering the jewelry, in case it has been brought to this city. Chief of Police Wilson has detailed Detective Quigley to assist in the search for the stolen property. Among the articles taken were a diamond sunburst and a star and thicket set with diamonds.

#### SAYS THIEF TOOK HIS VEST AND BADGE

Patrick Devanny, who lives at the northeast corner of Eighth and Harrison streets has notified the police that his vest, upon which was pinned a gold badge valued at \$5, was stolen from his room last night, and he accuses Thomas Taylor, who resides in the same house, of committing the theft.

#### GOLD WATCH RECOVERED.

Detective Quigley yesterday recovered a gold watch which was stolen from F. Wilson, of Ninth street and Snyder way, Berkeley, on Tuesday.

## TO SENTENCE ON TUESDAY

Action in Benson-Herrin Land Fraud Case Put Over—New Trial Doubtful.

(Special to THE TRIBUNE.)

SAN FRANCISCO, Aug. 22.—The defendants in the Benson-Herrin land fraud case were not sentenced this morning in the United States District Court.

On motion of Attorneys Campbell and Dunne for the defense the case was put over until Tuesday next in order that arguments might be heard in a motion for a new trial.

It is not thought that there are any grounds on which Judge De Haven can grant the motion for the new trial prayed for by the defendants. Attorneys say the evidence in the case was most conclusive, and the several rulings as to the admission of certain evidence was so eminently just on the part of the court that there seems to be no probability of a new trial being granted.

#### WICKHAM HAVENS MAKES GOOD OFFER

Wickham Havens reports that there is a very gratifying increase in the demand for Piedmont properties.

It is pleasing to note that where a few months ago houses already built were very much in demand, the present improving state of the money market has inspired many of those wishing homes to purchase lots and build for themselves. There is no question that this is the most satisfactory way as it is almost as hard to find a ready-made house to satisfy one's requirements as it is to find any ready-made article of wearing apparel which is absolutely satisfactory.

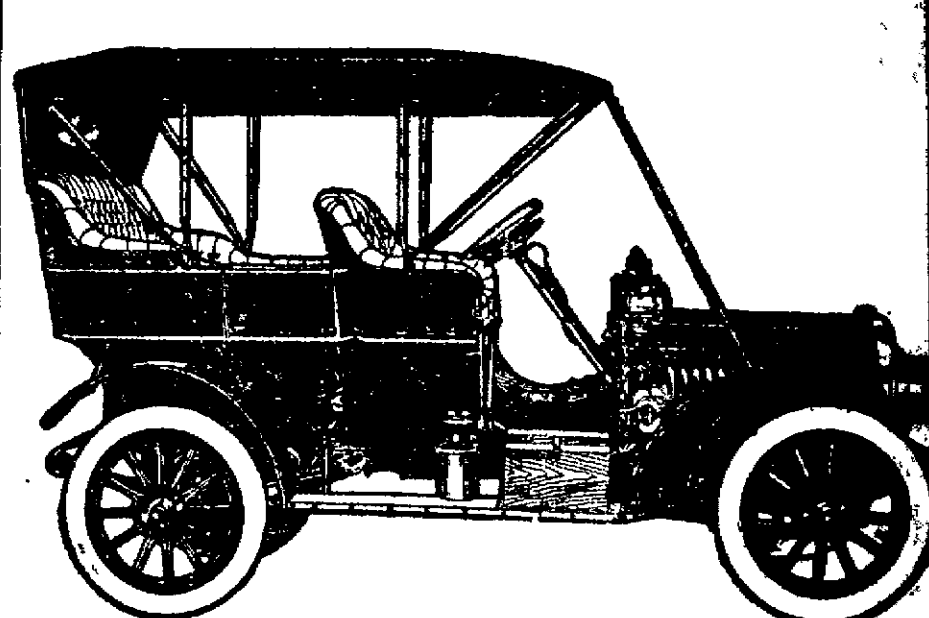

Mr. Havens has been offering an exceptionally liberal building proposition for those who have not capital enough to handle the whole undertaking themselves and we find many who are glad of this temporary financial aid.

The indications all point to a very fine real estate market during the fall and winter months.

#### ALLEGED AUTO GANG ARRAIGNED IN COURT

Frank Tyree, Herbert Logan, Louis Nagle and Joe Smith, charged with stealing a Rambler automobile belonging to William J. Poole, of 370 Twelfth street, were arraigned before Police Judge Samuels this morning on a charge of grand larceny. Logan and Smith have been released from custody under bonds, but Tyree and Nagle are still in the city prison. Tomorrow Judge Samuels will set the date for the preliminary examination.

## Tribune's Picture Puzzle Contest

### \$50 in Cash Prizes

will be awarded to the TRIBUNE subscribers who correctly give the names of the well-known merchants whose photos will appear in this panel each evening.

Cut out each photo, save until the last one has run, blind together and write the name of each suspect plainly on the margin near the number.

The address of the firm, its leading specialty, and "catch phrase" or monogram, if one is used, must be given on each coupon. But one guess will be allowed to each subscriber, and prizes will be awarded with respect to correctness, originality of design of answer, and time of filing.

Address all letters, at conclusion of contest (which will be announced), to Contest Editor, TRIBUNE.

**Business Property**

Lot 32x125, located on San Pablo ave.  
near Key Route station, is a good business  
center and is for sale. This property  
is being sold at \$250 per foot. With the im-  
provements made on this property, it is  
valued at \$1000. We are compelled to sell  
this lot at once and are authorized to ac-  
cept \$112 per foot.

**Store and Flats**

Located on the northwest corner of  
7th and Grove, right down town; build-  
ing is 2 years old and strictly modern.  
It was built by day's labor and is under  
partial lease at the present time  
yielding an income of \$100 per month.  
This property is increasing in value  
rapidly. The improvements being made  
on this street will cause a sharp advance  
in property within the next 30 days. We  
have secured a short option on this very  
desirable property at the extremely low  
price of \$10,000.

**Tenth Street**

Just east of Broadway with a full-  
sized lot and a 3-story modern building,  
store below and flats above. This prop-  
erty is being sold at \$1000. The lease is  
bonded and the present tenant would be  
pleased to secure a new tenant. This is a  
very desirable business property and is  
being sold at the very low price of \$10,000.  
We are offering it at the very low price  
of \$10,000. We are authorized to ac-  
cept \$1000 cash, balance flat loan.

**\$300 per Mo. Net**

ed for \$1000. It is a corner 3 blocks  
from Broadway and 10th st. lot  
100x100, almost entirely covered with  
modern improvements. Lease also has  
a provision whereby owner can place ad-  
ditional buildings on the property and  
thereby increase the income either to the  
present tenant or rent. Lease section  
of property is worth \$5000 at the  
present time and will be worth twice that  
amount by the time the lease expires.  
We are authorized to accept every offer  
for a few days only at \$300.

# WHAT IS GOING ON BEHIND DOORS OF LOCAL LODGES

## Internal Societies Planning Many Affairs for Future—Odd Fellows Receive Visitor From Australia.

Below will be found the usual names of lodge affairs in local fraternal societies:

**ODD FELLOWS.**  
Fountain lodge No. 193, I. O. O. F., confer the initiatory degree at next meeting, August 26, when lodge will be pleased to see visitors from other lodges. The meeting of the lodge during this term has been particularly interesting work in the degrees and visits many prominent brothers from other jurisdictions, who told of the growth of the order in every section, especially so was the address of Major E. Baker, department commander of Australia, aid de camp General M. A. Raney, commander-in-chief of P. M., U. S. A., and who has recently been appointed on the G. M. council.

Brother Baker is a member of Sydney lodge and Excelsior encampment of Australia, and is visiting California to learn the workings of the Patriotic Militant branch of the order, and for that purpose joined Canton No. 11 of Oakland, and has been admitted to the high rank he now holds in the order, it being his intention to visit Canton's in that jurisdiction when he returns to Australia a few months hence.

In his remarks he alluded to the fact that in 1878, the membership was small, and his mission was to encourage them in the good work they had commenced and give such instructions as they needed, and the result is today that the jurisdiction of Australia claims a membership approaching the 50,000 mark. Brother Harmon was a member of Fountain lodge, and Brother Baker has honored the lodge by appointing one of its members, W. A. Sturgeon, on his staff, to assist him in the work he will have on hand on his return home.

Last Monday in response to an invitation the third degree team of Oakland lodge No. 118 conferred the same of nine aspirants who were members of the two lodges. The work was admirably rendered and duly commended by the large gathering of Odd Fellows present. An adjournment to the banquet hall overtaxed the seating capacity, but everybody got a good supply of families, coffee, fruits and other good things and went away happy.

Many eloquent addresses were made.

**REBEKAHS.**  
Abel Invidia Rebekah lodge No. 11, I. O. O. F., held a very pleasant evening of singing and socializing, who made pleasing responses to the call of our noble grand. Other members who returned from vacations told many fish stories and wonderful mountain climbs in and around Lake county.

On Monday last this lodge went in a body and visited Brooklyn Rebekah lodge who turned the key over to the noble grand and with the assistance of those present laid before them mellow, cake and candy. A general good time was had until a late hour.

This lodge will give a colonial dance next Tuesday and a large attendance is desired. A valuable prize will be given to the one wearing the best costume.

President Ella Van Court will receive all Rebekahs on Friday afternoon, August 23, at Central hall, Twelfth street near Broadway, after which she will return south.

**RED MEN.**  
Uncas Tribe No. 137, transacted much business of importance at its last session, Friday the 16th, one feature of which was the reorganization of the degree team. In the last six months many new members have been added to the roster, and as a number have expressed a desire to take part in the degree work, some of those who have been long identified with the team rested to make places for them. Chief among the new addition to the team are Brothers Al. Renat, better known as the "Midget," O. Greening, alias "Jim Boif," and George Wilkins. They all look a deal interested in the work and promise to make good team mates.

It is with genuine regret that Uncas Tribe learns that it is to lose its silver-tongued orator, Brother James B. McKeon, who leaves for Nome, Alaska, on September 1, to give his interests there his personal attention. Brother McKeon is a large-souled, whole-hearted man, the life of every company which he graces, and he will be greatly missed in our tribal councils. He was to have been one of the representatives to the great council, now in session in San Francisco. A safe journey, Jim, a quick return with the assurance of a warm welcome at its end.

Brother H. A. Whitney who has heretofore represented the tribe in the great council was chosen to fill the vacancy caused by Brother McKeon's inability to serve. The tribal interests are in safe hands, as Brother Whitney has proven on more than one occasion.

Visiting Brothers Cain, Kershaw and others were there with remarks for the "good of the order" and the evening proved a most interesting one.

On the 23d the team will hold its last drill prior to conferring the Adoption Degree for Pontiac Tribe. A full meeting is desired.

**MACCABEES.**  
Oakland Tent No. 17, Knights of the Maccabees, is determined to increase its membership to 1000 before the close of the current year and plans are now being perfected for a campaign to that end. The tent now has 700 members and the purpose of the officers is to let each one of these 700 know that the tent wants the names of 300 more good citizens of this community upon its roster. The reviews of the tent are held every Monday evening and the entertainment committee does not allow the business routine to take up the entire evening. Last Monday evening a watermelon feast was the order after all business had been transacted. Chairman Willard was surprised at the rapidity with which those melons disappeared. He stated that it was equal to anything he ever witnessed in the land of Dixie. The committee has a surprise for next Monday evening and every member of the tent as well as all other Maccabees are requested to attend the meeting of Oakland Tent, at Maccabee temple, Eleventh and Clay streets, next Monday evening, August 26.

**DAUGHTERS OF ST. GEORGE.**  
At the conclusion of the regular business session of the evening the members of Golden Gate lodge No. 78, were given a pleasant surprise last Friday evening. All were invited out to the super room, and there, upon beautifully decorated tables, was a most sumptuous spread, consisting of everything good to eat. This surprise supper was given to the members by Sisters Wright, Robinson and Smith of Berkeley, by way of celebrating the thirteenth anniversary of their entrance to the lodge. After the supper music and dancing was enjoyed, and a rousing vote of thanks was given the sisters for their hospitality.

Friday evening, August 30, this order will give their usual monthly whist party in their lodge room at Klunkner hall. The prize will be on display at 6:30 p. m.

**SONS OF ST. GEORGE.**  
Albion lodge No. 206, Sons of St. George, met in regular session last night in their hall at Pythian Castle Twelfth and Alice streets. It being initiation night there were a goodly number of members in attendance and three new members were added to the already large membership of that order now enjoy.

The grand lodge delegates gave their reports of the grand lodge convention, just recently held in San Francisco, and it was clearly shown that the order of Sons of St. George in this health state is strong in the whole of the Pacific coast jurisdiction, and that three more lodges have been organized during the term just passed.

Next Wednesday, Albion lodge will give a literary and musical evening for members and their lady and gentlemen friends.

A good program has already been prepared by Brother Pease, chairman of the entertainment committee, and a most pleasant evening will be accorded to all who attend.

**ROYAL NEIGHBORS.**  
The Royal Neighbors of America meet every Thursday night, in Lorin hall, Eleventh and Clay street. Meeting of importance Thursday the 22d, members are requested to come out tonight. The social and dance will take place next Thursday, the 29th. Everyone is expecting a very pleasant time.

# Boys' School Suits

\$6.50 and \$7.00 Suits \$3.85

Special for Friday and Saturday

These suits are made for boys from 8 to 15—the styles are mannish double breasted two-piece suits—the colorings are new and snappy—just from the mills.

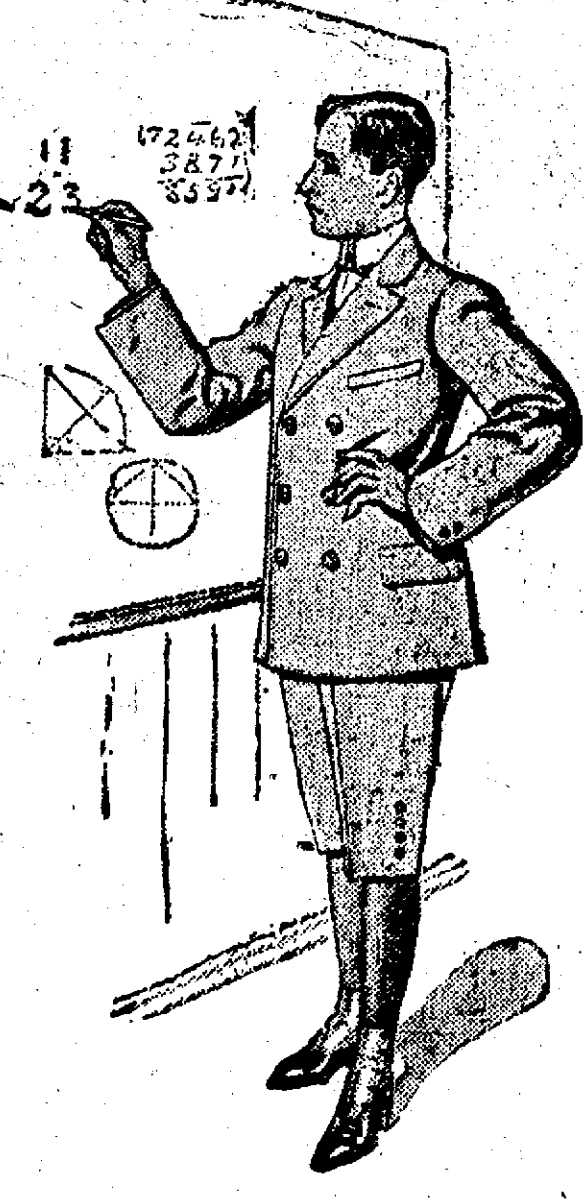

The trousers are lined throughout—the seams taped and re-inforced and thoroughly cold water shrunk. The materials are reliable—just the kind that will stand the wear and tear of a rough boy's campaign.

These splendid \$6.50 and \$7.00 suits we place on sale at \$3.85.

You'd better be one of the early ones.

**HOME ENDORSEMENT**  
Hundreds of Oakland Citizens Can Tell You All About It.

Home endorsement, the public expression of Oakland people, should be evidence beyond dispute for every Oakland reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in faraway places. Read the following:

E. M. Fraser, with the Harbor Commission, residence 2220 Dupont avenue, Berkeley, says: "If I had not been positively certain that Doan's Kidney Pills were doing me good I never would have returned to a drug store and bought a second box. The dull aching in my back was just a common, ordinary form of pain in and around the kidneys, never severe enough to lay a man up, but recurring at intervals frequent enough and annoying to cause considerable discomfort. Doan's Kidney Pills positively stopped the last attack and, since then I have made more than one of my friends and acquaintances aware of this fact, for I think a remedy which can be depended upon should be known to everybody."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
